

Fan Mouse

Model No.: 9833-FAN

PATENT No.: 0500542.4

Thank you for purchasing this mouse product.

Before you begin operating this unit, please read the instructions carefully to be sure you get the best possible performance.

If you have any questions, please consult your dealer.

This device complies with part 15 of the FCC rules:

FCC 15. 21: Changes or modifications for intentional or unintentional radiators not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment "

FCC 15. 105: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communication. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the inference by one or more of the following measures:

- reorient or relocate the receiving antenna
- increase the separation between the equipment and receiver
- connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- consult the dealer or an experienced radio/TV technician for help

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution

To reduce the risk of electrical shocks, fire, etc.

1. Do not remove screws, cover or cabinet.
2. Do not expose this appliance to rain or moisture.

Important

1. Installation
 - 1.1 Select a place which is level, dry and neither too hot nor too cold (-5°C and 40°C)
 - 1.2 Keep away from direct sunlight.
 - 1.3 Do not put it too close to a heater.
